

About Us

Chesapeake Whalertowne, formerly Baltimore Chris Craft Sales, Inc., is a 3rd generation family owned and operated business.

We began in 1939 on St. Paul's Street in Baltimore City under the name of "Chris Craft Sales/Service". In 1965, the business moved to Ritchie Highway in Brooklyn Park and was operated by Joe and Dottie Boulay. Baltimore Chris Craft Sales Inc. dealt primary with Chris Craft boats, Duo boats and was the Chris Craft Parts Distributor for five states. The dealership took on Boston Whaler boats as part of their line in 1973.

In 1982, Joe and Dottie's youngest son, Rick took over the operations of the business and became an exclusive Boston Whaler Dealer. Then, in 1994, the dealership opened an Annapolis location, where longtime friend and classmate, Bart Hiltabidle, is currently the Sales Manager.

In 2000, the business changed its name to Chesapeake Whalertowne to reflect the status as an exclusive Whaler dealer. The dealership offers our customers personalized and professional service, ensuring that your purchase of a Boston Whaler is the best experience and decision you will choose to make!

In May of 2005, Chesapeake Whalertowne, closed its doors in Brooklyn Park and moved to Grasonville on Maryland's Eastern Shore, creating a "premier dealership". This facility offers the full Boston Whaler boat line, and parts and accessories for Boston Whaler, Mercury and Yamaha Outboards. Our outdoor display enables perspective captains/first mates to preview selected models and accessories associated with Boston Whaler and Mercury. Our "yard" offers a secure venue for your boat and or trailer while in for service or storage.

In August of 2005, our dealership was awarded the elite status of "Master Dealer" as a leading Boston Whaler dealer and has maintained this level of customer satisfaction annually. On top of these achievements we have now acquired 5 Star Marine Certification and Brunswick's Ambassador Dealer recognition. We would like to thank our entire customer base for allowing us to provide them premium service.

The Future

Both Rick Jr., who had taken over as the Sales Manager in our Grasonville location, and Jake, who is our logistics manager have recently joined our team, making them the 4th generation to join the family business.

Parts and Accessories

Our Parts Department offers a full range of Mercury Marine products, parts, oil (individual or bulk) storage/maintenance products and accessories.

We are able to offer our customers: Boston Whaler custom canvas, replacement cushions, replacement hardware, parts and apparel as well as boating supplies, accessory parts, USCG packages and trailer replacement parts.
